“Since the partnership with Recycling Lives began six months ago, Preston City Council has saved **£70,000** in collection costs. Recycling and reuse rates have exceeded **55%**. In real terms, over 90 tonnes of waste that would otherwise have been sent to landfill have been reused or recycled.”

Mick Lovatt

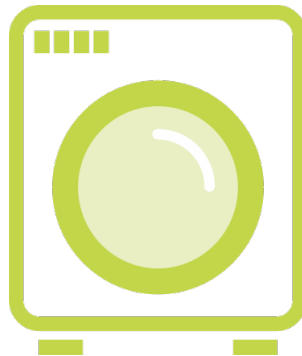

Corporate Director Environment
Preston City Council

“Preston City Council has saved over £70,000 by using the BulkyWaste service delivered by Recycling Lives. These savings have been calculated during the first 6 months using a tariff of a minimum of three items per collection for £15 and £5.50 per item thereafter.”

Duncan Coward

Head of Waste Management
Preston City Council

On-benefits & Data Protection

On-benefits & Data Protection

- **On-benefits discounts** – PCC staff have full access to the back office of our software application to offer on-benefits discounts (£4 off £15) and other subsidies. In our proposed model, these will be re-paid to RLUK by PCC up to the standard regional price of £28 (North West). PCC staff make the benefits checks and send the bookings to us.
- **Data Protection** – we do not handle the incoming calls, our data is not connected to Local Authorities, we have blanket cover, all compatible with the Data Protection Act.
